

STABLES @ RIBER HALL HOUSE RULES

Please take a moment to review our house rules. By booking with us, you're agreeing to these guidelines to keep everything running smoothly.

****Max 24 guests** no extras day or night inside or outside.**

****Decoration Do's and Don'ts:****

Bring on the table or floor-standing decorations – they're the life of the party! But please, keep those sticky hands off our walls, ceilings, and windows. If your decorating creativity leaves a mark, we'll have to charge for repairs – and trust us, paint jobs don't come cheap! Let's keep Riber looking fabulous together.

****Furniture Fiasco :****

We love your creative flair, but please resist the temptation to play interior designer during your stay. If you absolutely must rearrange the furniture, we understand – just be sure to pop everything back in its original spot before you leave. Remember, whilst there may be up to 24 of you enjoying the house, our amazing housekeeper Janet is the one who tackles the cleaning all on her own. Let's make her life a little easier by leaving things as you found them. Otherwise, we'll have to charge £100 per piece of furniture left out of place – and that's one design fee you won't want to pay!

****Noise:****

We know you've got the coolest taste in music, but please keep the volume reasonable – we're in a peaceful village with lovely neighbours who enjoy the quiet. If you're playing tunes indoors, keep the windows and doors closed to avoid sharing your DJ skills with the whole street. All music and decks must be off by midnight. And sorry, but your DJ talents aren't needed outdoors at any time. Let's keep the good vibes going without disturbing the peace!

****No Pyrotechnics or Romantic Candlelit Dinners:****

Fireworks, Chinese lanterns, candles, and tea lights are a no-go. We're not trying to ruin the party, but we've got a thing against turning our place into a disco inferno. Safety first, folks!

****Smoking & Vaping:****

No indoor puffing – our walls aren't fans of second hand smoke. If you're an outdoor aficionado, dispose of those cigarette ends responsibly.

****Behavioural Bliss:****

Be the superhero of kindness! Treat our staff, like the absolute legends they are. Kindness is like glitter – sprinkle that stuff everywhere!

****Dogs & Cats are not permitted :****

****Guest Grievances:**** We strive to make your stay as delightful as a chocolate-covered unicorn ride. If you encounter any issues during your time with us, please speak up while you're still here. Give us the chance to fix things up, and we'll work our magic. Refunds or compensations won't be conjured up for complaints made after you've bid us adieu. So, let's nip any problems in the bud and keep the good vibes flowing!
